To: "Masterson, Aleta" <amasterson@nrsd.net>

I am writing to request permission for the Mary Rowlandson fifth grade students to attend a week at Nature's Classroom. The Mary Rowlandson fifth grade annually spends a week at Nature's Classroom in Ocean Park, Maine. This has been a long standing program for MRE students going back at least 25 years. It is a valuable academic and social learning experience for the fifth grade students. They are scheduled to attend for the dates of September 17th to 21, 2018.

Thanks you for your consideration.
