

Health Services

Lesa Breault-Gulbicki, MSN, RN

Comprehensive School Health Services (CSHS)

- Applied 12/5/18
- Notification of Contract Award/Bidder's list 4/10/19
- The goal of the CSHS Program is to build on existing infrastructure to provide all school-aged children access to programs. This program will strengthen the capacity of schools to provide case management and support students with more significant health needs, continuous quality improvement through data collection and analysis, and programs that provide access to care to address health disparities and racial inequities in the community in order to support student academic achievement and reduce chronic absenteeism.

Comprehensive School Health Services (CSHS)

Budget:

DESE Certified Resource Nurse 0.6 FTE	\$55,000.00
Per Diem Nurse	\$ 5,000.00
Mental Health Consult/Screenings	\$10,000.00
Professional Development	\$ 2,000.00
Advertising, Printing, Software	\$ 2,000.00
Equipment	\$ 1,000.00

Total	\$80,000.00

Safer Schools and Communities Initiative Grant

- Applied 4/3/19
- Pending - Collaboration between Police, Fire and School Administrators
- Budget Request - \$79,380.00

- Request funding for analog infrastructure system which would provide full campus coverage, ability of dedicated school staff to directly call Public Safety from their portable radios via link system. Conversion to Digital, requiring use of Digital Portables would provide all call capabilities for dedicated users. Full interoperability of all district Administrators (other dept. could be added as well). Ability of all Administrators to hear public safety calls in other NRSD schools as well as their own school.
