_____ NRSC CHAIR SIGNATURE	_____ DATE		

**Objective of the Trip: (How will this trip be related to the curriculum? What preparation have you given the students and what follow-up activities are planned?)**

---

The objective of the trip is two-fold. First, students will learn more about opportunities and possibilities for applying their German skills in their personal, professional and academic lives. Second, high school students will work with university students and professors on hands-on STEM experiments, while using the target language (TL – German).

This field trip supports the education and occupation themes in our curriculum as well as provides an opportunity for students to use and develop their German skills outside the classroom.
