Dear School Committee Members,

I am writing to ask for your approval to accept two separate donations on the behalf of Hale Middle School. The first donation is from the Stow Parent Teacher Organization. They have graciously offered to contribute \$2500 toward the purchase and installation of a new smartboard and projector in our Digital Literacy and Computer Science classroom. This tool provides a greater amount of flexibility for the classroom teacher. Not only can she project classroom material, but she and the students can directly interact with the material. I am grateful to be aligned with the Stow PTO. They are a motivated group who are dedicated to the success of our students.

The second donation is from Stow resident Mr. Russ Fitch. Mr. Fitch has offered to donate his upright piano to our music program. The Piano was his late wife's and one that he remembers her playing with great joy. The piano will help us to expand our after school music program. Furthermore, this piano will provide us with a backup to the performance piano we use during our concerts. The performance piano is owned by the Sounds of Stow organization. I appreciate the generosity of Mr. Fitch and hope you consider accepting his offer.

Regards,

Kyle Grady
Principal
