SIP Goals

1. To foster and sustain educational services and programs that support, enrich and extend the curriculum for all students.
2. Secure the space, materials and technology necessary to provide a 21st century education.
3. Ensure a healthy school climate and culture that supports the whole child and community.
4. Communicate school goals and initiatives to the school community.

1. To foster and sustain educational services and programs that support, enrich and extend the curriculum for all students.

- Develop measurable learner outcomes relative to standards based curriculum.
- Use student achievement and school performance as the driving force.
- Implement instructional strategies that support curriculum and the learning needs of all students.
- Provide personalized learning opportunities, both for enrichment and remediation.

2. Secure the space, materials and technology necessary to provide a 21st century education.

- Identify the resources needed to support and enhance curriculum, instruction and assessment.
- Extend opportunities to students beyond the traditional school day.
- Anticipate and be proactive for enrollment and programmatic needs.

3. Ensure a healthy school climate and culture that supports the whole child and community.

- Provide a safe environment.

- Provide a nurturing environment.

4. Communicate school goals and initiatives to the school community

- Provide information to constituents on school progress on identified initiatives and school-wide goals.
