Process

School Committee members will be facilitating conversations at each table with one member at each table taking notes. The idea would be to get through as many of the above topics as possible at each table, but it is not necessary to rush if discussion is rich under one or more topics. At the end (5:15) a representative of the table will be asked to share answers to their top three (3) for needs and what's best.

The times listed are approximate, and citizens interested in these topics should arrive 10 minutes in advance of the stated time on the agenda.
